Add-On Locker and Tower units can be paired with any stand-alone SecuraStock Product

HIGH-SECURITY ZONES
Motion-tracking cameras record each transaction, protecting both consumable and durable good. Each shelf is a separate "zone," allowing managers to control access by individual, department, or any custom grouping.

UNMATCHED STORAGE CAPACITY
Secure, hybrid-design vending machine can handle up to 125 SKUs. That's **TWICE** as much as a coil machine.

EASY ACCESS AND RESTOCK
Patented angled shelf and bin system keeps inventory highly visible and accessible.

MIX AND MATCH TO CREATE A PERFECT SOLUTION
Secure and track expensive items like laptops, power tools, gauges and batteries. Power is supplied to keep battery powered items fully charged.

ULTIMATE INTERCHANGEABILITY

- Very economical and easy to connect
- Link a SecuraTower to a SecuraStock or SecuraLocker, or include in a crib or storeroom solution to add another layer of security
- Plug & Play - connect up to 3 add-ons to one parent machine (45 compartments total)
